# About CYBERTZ Company Ltd

CYBERTZ COMPANY LIMITED is an ISO certified engineering firm specialized in offering a wide array of engineering services, equipments and spare parts across multiple sector and industries.

Engineering services we offer covers sectors including Oil and Gas, Mining, Construction, Cement industry, Marine and Ports operations, and a wide range of Industrial, Plants and Machinery.

Our industrial spare parts supply division ensures a global standard, friendly pricing of spares, tools and equipments while offering world-class professional consultative services such as installation, maintenance and after-service checkups to ensure quality and reliability. Our supply process typically includes sourcing, inventory management, and timely delivery to client's premises.

CYBERTZ is registered as Civil, Building, Mechanical, Electrical Contractors Class Five and Specialized Labor Based Class Two by Tanzania's Contractors Registration Board (CRB).

## Trusted Partner for all of your Engineering Solutions

## What We Do

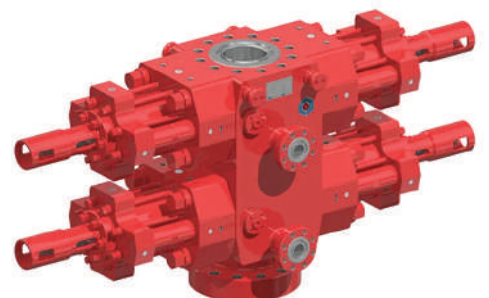

---

CYBERTZ COMPANY LIMITED is specialized in offering engineering and construction services, supply of building materials, installation, maintenance of high-quality spare parts in the following sectors;

- a. **Oil & Gas industries**
- b. **Mining & Cement industries sector**
- c. **Marine, Ports**
- d. **Construction sector**
- e. **Industries, Plants & Machinery**

## Mission

To deliver the highest level of quality service delivery at fair and market competitive prices while ensuring customer satisfaction in all areas including timeliness, attention to detail and service minded attitudes while maintaining the highest levels of professionalism, integrity and honesty in our relationships with clients, key stakeholders and partners

# Oil & Gas Sector

CYBERTZ can supply a wide range of spare parts for equipment related to exploration, drilling, production activities, power plants, electrical infrastructure, and various other related spares.

CYBERTZ expertise lies in provision of spare parts engineering and detailed design services for packaged equipment within wide range of equipments in the oil and gas industry.

## Our scope includes but not be limited to:

- ▶ System design and provision of PFD,
- ▶ P&ID and GA Drawings major equipment,
- ▶ Instrument and electrical component spare parts
- ▶ Mechanical spare parts
- ▶ Electrical Spare parts supply

### GEARBOXES

Flender  
Brevini  
Reggiana Riduttori  
CMD  
SEW Eurodrive.

### SEALS, GASKETS, HOSES

Oil Seals  
Mechanical Seals  
Shaft seals  
Bosch Rexroth Hoses  
Gaskets

### COMPRESSOR & PARTS

Atlas Copco  
Broomwade  
Kaeser  
Boge  
Gardner Denver

### PUMPS

Steimel Pumps  
Lowara  
Allweiler  
KSB  
Grundfos  
Maag  
Assalub

### VALVES, SOLENOIDS

Parker Pneumatics  
Asco Valves  
Bosch Rexroth Valves  
Mac Valves  
Tyco Valves  
Festo Valves  
Norgren Valves etc

### FILTERS, FILTER ELEMENTS

EPE Filters  
Bosch Rexroth Filters  
Mahle Filters  
GKN Sinter Metal  
Wilkerson  
Parker Filters  
Sika Filters

## Exploration and Production

Supporting upstream activities with equipment for drilling, extraction, and initial processing.

## Refining and Processing

Providing solutions for downstream operations, including refineries and processing plants.

## Pipeline Operations

Supplying components and systems for the safe and efficient transport of oil and gas.

## Service and Maintenance

Offering spare parts and maintenance equipment to keep operations running smoothly.

# Electrical & Instrumentation

## Featured Electrical Components

Explosion-Proof Lighting

Control Panels

Power Distribution Units

Electric Motors

## Instrumentation Solutions

Pressure Transmitters

Flow Meters

Temperature Sensors

Gas Detectors

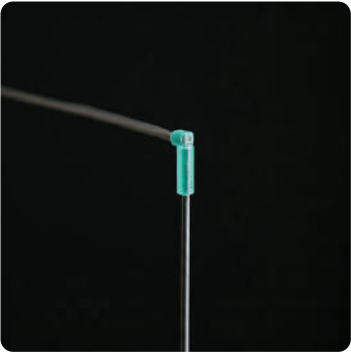

## Spare Parts

Circuit Breakers

Relays

Fuses

Fluke

CYBERTZ COMPANY LIMITED has a unique selling point that sets it apart from its competitors. The company's commitment to providing high-quality products and services at competitive prices, within the agreed-upon timelines, while continually investing in innovation, makes it a leading player in its target market.

# Mechanical Equipment & Spare Parts

## Featured Mechanical Products

Centrifugal Pumps

Reciprocating Compressors

Heat Exchangers

Valves

Gearboxes

Hydraulic Cylinders

Pressure Vessels

Filtration Systems

# Valves and Actuators

---

**Ball Valve**

Controls flow with a rotating ball

**Butterfly Valve**

Regulates flow with a rotating disc

**Gate Valve**

Isolates flow with a sliding gate

**Plug Valve**

Controls flow with a rotating plug

**Diaphragm Valve**

Regulates flow with a flexible diaphragm

**Control Valve**

Modulates flow based on control signals

**Globe Valve**

Throttles flow with a movable plug

**Check Valve**

Prevents backflow with a self-closing disc

**Actuator**

Operates valves remotely

# Pumps and Compressors

---

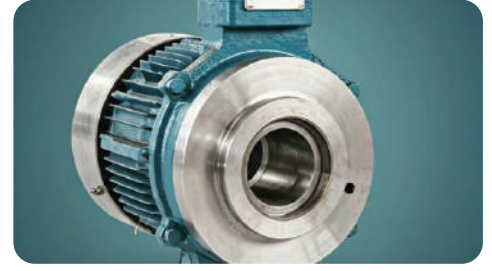

## Centrifugal Pumps

High-efficiency pumps for various industrial applications.

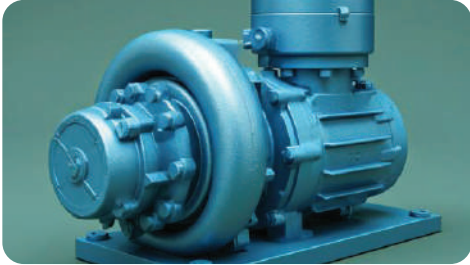

## Reciprocating Compressors

Robust compressors for demanding environments.

## Rotary Pumps

Versatile pumps for diverse fluid handling needs.

## Turbocompressors

Powerful compressors for large-scale processes.

## Screw Compressors

Reliable compressors for continuous operation.

## Submersible Pumps

Durable pumps for underwater operations.

# Pipes and Fittings

---

## Steel Pipes

Durable steel pipes for various applications

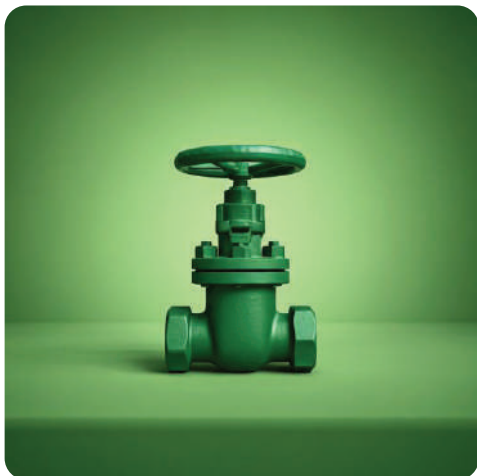

## PVC Pipes

Lightweight and versatile PVC pipes

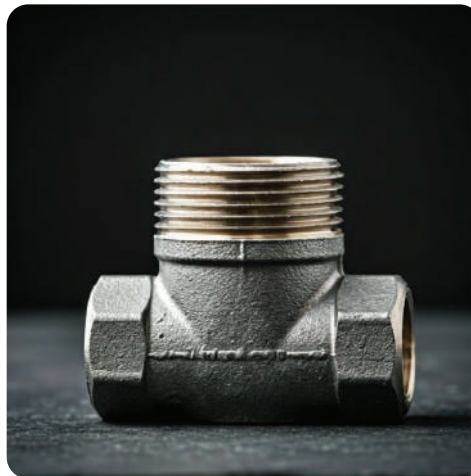

## Copper Pipes

High-quality copper pipes for plumbing

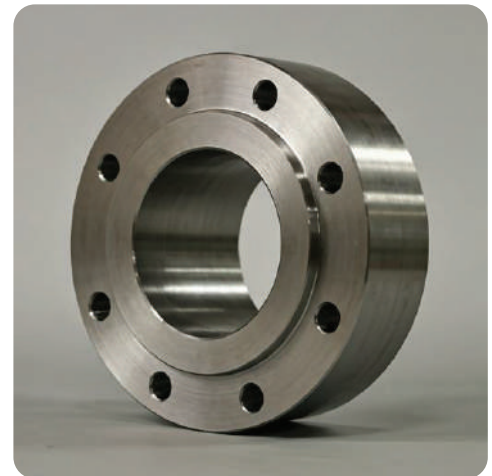

## Valves

Control flow with reliable valves

## Pipe Fittings

Assorted fittings for pipe connections

## Flanges

Robust flanges for secure pipe joints

We believe that the right team provide the most value to the company. CYBERYZ COMPANY LIMITED operates on the team concept and our many skilled and experienced staff and field team members have established a standard of excellence that is well recognized in the oil & gas industry.

Our office staff include highly trained and experienced business, engineering and technical experts who provide oversight and support for each project. This team concept is the basis for our hands-on, pro-active approach which helps us to produce the most important results of every job to our client's satisfaction.

## Oil & Gas Services

---

CYBERTZ expertise lies in procurement, scheduling, cost controlling, planning, assuring quality, field & third-party inspections and expediting services.

Our understanding in sourcing enhances the analysis, negotiation and evaluation process for clients as well as our suppliers. We source a variety of products for the oil and gas industry including valves, drilling equipment, pumps, MRO tools and safety products.

### Services we offer

- ✦ Condition monitoring and reliability
- ✦ Mechanical, electrical and instrumentation
- ✦ Maintenance, after-service of test points
- ✦ Overhaul, upgrade of rotating and flow control equipment and valves
- ✦ Design, installation of cathodic protection systems
- ✦ Mechanical, electrical and instrumentation
- ✦ Supply of test points, sampling and analysis
- ✦ Metering solutions
- ✦ Process solutions

# Construction of Filling Stations (CNG, Petrol and Diesel)

CYBERTZ is a trusted leader in the design and construction of full-service fuel filling stations for CNG, petrol, and diesel. We manage every phase of the project—from feasibility studies, regulatory compliance, and civil engineering to mechanical and electrical installations, safety systems, and final commissioning. Our stations are built to meet international safety standards, incorporate modern dispensing technologies, and prioritize environmental sustainability, ensuring reliable, future-ready infrastructure for fuel retailers and energy providers.

## Solar and Electric Street Lights solutions for businesses, NGOs,

## Supply & Installation of Solar and Electric Street Lights

CYBERTZ delivers end-to-end lighting solutions for municipalities, developers, and government agencies through the supply and professional installation of both solar-powered and conventional electrical street lighting systems. We source high-efficiency LED luminaires, robust poles, and smart control systems, ensuring long-lasting performance with minimal maintenance. Our solar street lights are engineered for off-grid reliability and energy independence, while our electrical solutions are optimized for grid efficiency—both contributing to safer, greener, and more resilient communities.

### Services we offer

- ❑ System design and installation
- ❑ Installation of street lights & energy efficient solutions
- ❑ Solar Equipment supply
- ❑ Solar systems maintenance solutions

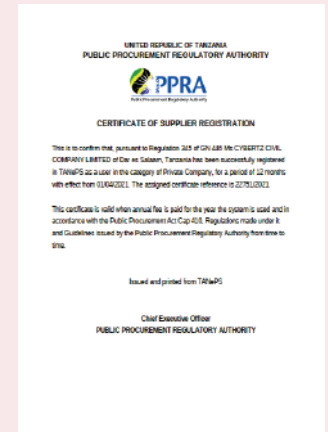

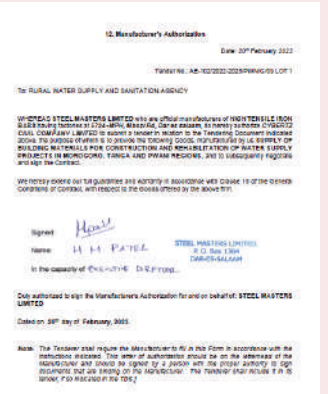

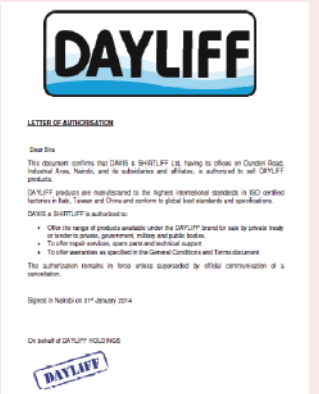

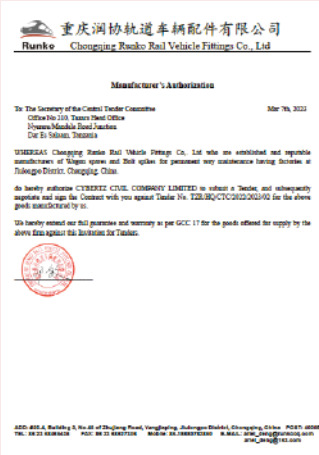

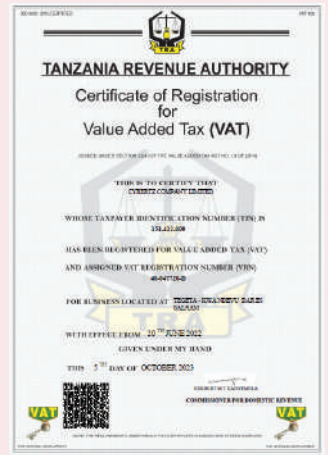

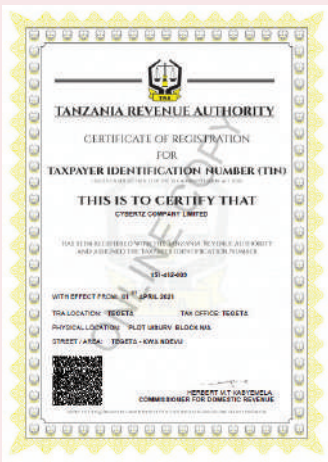

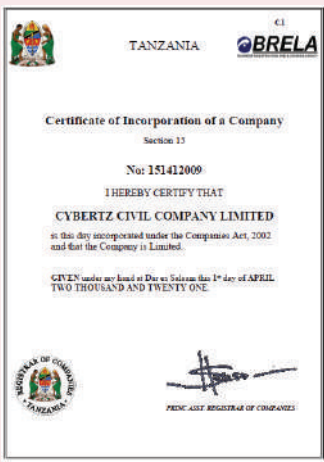

# Our Clients

CYBERTZ is proud to partner with a diverse range of clients across the Oil and Gas industry. Our commitment to quality and reliability ensures that we meet the unique needs of each sector.

We're dedicated to building long-term relationships with our clients, providing exceptional service and support and support every step of the way. Contact us to learn how we can help your business succeed.
